

HOMAI RAIL WORKS: CONSTRUCTION

July 2026

Dear neighbour,

KiwiRail is completing its upgrade of the Auckland rail network in your area to make train travel more resilient and reliable and to prepare for the more frequent trains the City Rail Link (CRL) will bring when it opens later this year.

During the Matariki long weekend (see dates right), KiwiRail will complete an upgrade of drainage near Homai Station and elsewhere in Manurewa.

Our teams will use the car park area at Homai Station and areas off Jutland Road and Beatty Avenue to access the rail corridor. Traffic management will be in place. We will store materials needed for this work at our site in Beatty Ave; please use caution when in these areas.

There will be a full Auckland rail network closure between 9 and 12 July 2026. Please check the AT Mobile app or visit the Auckland Transport website to plan your travel at.govt.nz/journeyplanner

This project is part of KiwiRail's work to prepare Auckland's rail network for increased services and more frequent trains as part of the CRL.

What we are doing:

KiwiRail teams will complete the installation of some modern drainage along the rail corridor. We will also undertake some track works, including welding and grinding activity.

This upgrade work will improve the reliability and resilience of the rail network and allow more frequent trains.

Upcoming dates*

Construction works to upgrade Homai rail infrastructure:

- **Friday 10 July to Sunday 12 July 2026** (Matariki long weekend): 7am to 6pm (dayshift only)

At times temporary traffic management will be required – please follow the signs.

Night works – what you can expect

We are completing some construction works in your area. During this work there may be noise, dust, vibrations and lights needed to keep the workers safe. Our teams are mindful that they are working in residential areas and will do their best to keep the disruption to a minimum. However, despite their efforts this work may cause you some disturbance and we apologise in advance for this.

There will be increased vehicle movements near the Homai Station car park, Jutland Avenue and Beatty Avenue (not shown below). We will use these areas for materials storage and to access the rail corridor. Please take extra caution when in the vicinity. Work sites and access points are marked in the below map:
