

## TAKANINI RAIL WORKS: 24/7 CONSTRUCTION

March 2025

Dear neighbour,

KiwiRail is rebuilding the rail network in your area to make rail travel more resilient and reliable and to prepare for the faster, more frequent trains the City Rail Link (CRL) will bring when it opens next year. We will soon begin a major upgrade of our rail network between Papakura and Wiri, including Takanini.

**From 12 to 27 April, we will be digging up and replacing the foundations under the tracks in the rail corridor near your property. Some of this work needs to happen at night** so we can complete the work as quickly as possible. KiwiRail land at Waterview Road (West & East) and Tironui Station Road (West) will be used as access points for vehicles needed for this work.

This work will also continue at this location over several other rail closures scheduled for later this year during long weekends and school holidays.

The rebuild work replaces aging foundations under the tracks and upgrades drainage to make them more resilient to weather events. The work allows trains to be more reliable and helps get the network ready for the CRL.

### Upcoming dates

**Saturday 12 April – Sunday 27 April: 24/7 works**

### Find out more

For enquiries and to sign up to work notifications by email please contact us via

**contactus@kiwirail.co.nz or 0800 801 070 ext 43042.**

**kiwirail.co.nz/aklrailrebuild.**

### What we are doing:

The Rail Network Rebuild work will improve reliability, allow more frequent trains and improve the ride for passengers.

The work involves the following steps:

- Cut and remove existing track and sleepers
- Dig up and rebuild foundations, excavate and replace ballast
- Lay tracks and sleepers, connect, re-align and balance tracks.

**Thanks for your patience while we carry out this important work - The KiwiRail team.**

### Night works – what you can expect

We are undertaking major track works in your area. During this work there may be noise, dust, vibrations and lights needed to keep the workers safe at night.

Our teams will be mindful of working near residential properties and aim to get the job done as quickly and quietly as possible to minimise disruption. However, despite their efforts this work may cause you some disturbance and we apologise in advance for this.

There will also be increased vehicle movements near Waterview Road (West & East) and Tironui Station Road (West) so please take extra caution when in the area. Work areas and access points are shown in the map below:
