

MAJOR TRACK WORKS

April 2025

Dear neighbour,

Our teams will be carrying out intensive track rerail works between **Manuia Road and Spartan Road** over the Easter closure period.

This work will take place **24/7 between Saturday 12 April and Sunday 27 April**.

As this is a large piece of work, it can only be undertaken when there are no passenger trains running. This means a lot of our access time is limited to nights, weekends, and public holiday periods while the network is closed to passenger trains.

What we are doing:

We will be replacing existing rail. This will be intensive work involving rail grinding, cutting and welding.

Teams will be cutting and removing existing rail, replacing it with new rail and finally welding the new rail together and grinding it to the correct shape.

Much of the noisy work needs to be done at night, when the temperatures are cooler, and we apologise in advance for the disruption.

How this affects you:

There will be noise from heavy machinery, bright lights and vehicles moving around.

Our staff and contractors are mindful of our rail neighbours and will work hard to minimise any disturbance, to get this essential work done as quickly and quietly as possible. However, despite their best efforts, this work may cause you some disturbance and we apologise for the inconvenience.

Upcoming Dates

24/7 Saturday 12 April – Sunday 27 April 2025
