

CHURCH STREET – LEVEL CROSSING WORKS

March 2026

Dear neighbour,

KiwiRail will be replacing rail on the Church Street, Onehunga, level crossing over the upcoming Easter rail closure.

Work is scheduled to begin at 6:00 am on Friday 3 April, and continue through to 6:00 pm on Monday 6 April; Teams will work 24/7 during this time.

During this period, Traffic Management will be in place, and the level crossing will be closed to both vehicles and pedestrians. Detours will be clearly signposted and VMS boards in place; please ensure you follow signage and personnel on site.

Access for residents and business customers will be available through controlled access via traffic management personnel on site.

Pedestrian access to businesses will remain, however, a full vehicular road closure is required for both lanes.

We ask that you exercise caution in the area, as there will be an increased presence of machinery and trucks.

Teams will access the rail corridor via Church Street

Our staff and contractors are mindful of our rail neighbours and will work to minimise disruption. However, due to the nature of these works, this will be noisy. We apologise in advance for any disturbance and appreciate your patience as we carry out this essential upgrade.

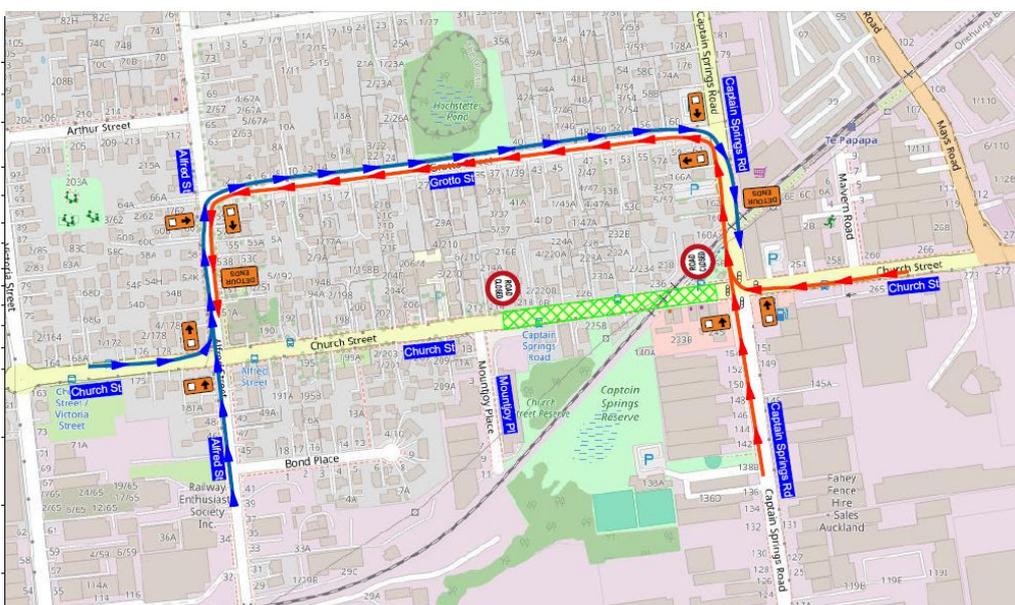

Upcoming Dates:

24/7 works: 6am Friday 3 April – 6pm Monday 6 April
