

24/7 RAIL WORKS NOTIFICATION - DRURY

March 2026

Dear neighbour,

Our teams will be carrying out track maintenance work near your property throughout the upcoming Easter rail closure.

As this is a large and complex piece of work, our teams will need to work 24/7. Teams will be on site from **6am Friday 3 April to 6pm Monday 6 April**.

This is to ensure we have enough time to complete the work while train services are not running and reinstate the track for the safe operation of trains following the rail closure.

What we are doing:

Teams will be undertaking track rerail works.

This involves removing sections of old rail and replacing them with new rail before securing the new infrastructure back into place.

This will be intensive work, involving rail grinding, cutting, and welding.

How this affects you:

There will be noise from heavy machinery, staff and vehicles moving around, as well as bright lights.

Our staff and contractors are mindful of our rail neighbours and will work hard to minimise any disturbance, to get this essential work done as quickly and quietly as possible. However, despite their best efforts, this work may cause you some disturbance and we apologise for the inconvenience.

Upcoming Dates:

24/7 works: 6am Friday 3 April – 6pm Monday 6 April
