

WESTPORT BUILDING REMOVAL

November 2026

KiwiRail would like to inform the Westport community of plans to demolish a railway building on KiwiRail land in Adderley Street before **June 2027.**

The building is currently unoccupied and is in very poor condition, with significant amounts of asbestos present.

Following assessments, KiwiRail has determined that the cost of repairing the structure is not economically viable.

As a result, demolition has been identified as the most practical long-term option. All demolition work will be undertaken safely, and in line with the relevant health, safety and environmental requirements.

Once demolition has taken place, KiwiRail's property team will investigate future land usage.

If you have any questions or concerns, please reach out contactus@kiwirail.co.nz

n.b this is not a heritage listed building
