

ONEHUNGA NIGHT-TIME RAIL INVESTIGATION

November 2026

Dear neighbour,

KiwiRail is carrying out its regular programme of scheduled rail asset renewals to ensure a safe, reliable and resilient network as Auckland moves into an era of more frequent train services.

Over 9-10 November, KiwiRail is investigating services and the condition of rail assets under the Captain Springs Road rail level crossing. We will be working at night when trains are not running.

Our team is digging underground and cutting concrete to locate cables that deliver services during 11pm and 4am over the two nights.

There will be some noise, vibrations and increased vehicle movement from trucks and diggers operating on the site.

Our teams are mindful that they are working near neighbours and will do their best to keep disruption to a minimum. However, despite their efforts this work may cause you some disturbance and we apologise in advance for this.

Pedestrians can still use the level crossing during work periods, but one lane will be closed to vehicles with stop-go signs in place. Please exercise caution when in the area and follow all directions.

Upcoming dates

- **Monday 9 November – Tuesday 10 November:** 11pm to 4am investigative works (nightshift only)
