

TAKANINI 24/7 RAIL WORKS

November 2026

Dear neighbour,

KiwiRail is carrying out its regular programme of scheduled rail asset renewals to ensure a safe, reliable and resilient network as Auckland moves into an era of more frequent train services.

Over 7-8 November, KiwiRail is undertaking 24/7 work to upgrade rail infrastructure between Takanini Station and Taka Street. Our team will work night and day (please see hours of work – right) over this weekend to complete the work quickly when trains.

KiwiRail is upgrading our signals at this location, excavating the under-track crossing and installing new cables and repairing old ones. Our team will use a hydrovac truck and excavators for this work.

There will be some noise, vibrations and increased vehicle movement from trucks and diggers operating on the site, as well as lights to keep our workers safe at night. Please exercise caution when in the area.

Our teams are mindful that they are working near neighbours and will do their best to keep disruption to a minimum. However, despite their efforts this work may cause you some disturbance and we apologise in advance for this. Our work area is marked in the below map:

Upcoming dates

- **From 6am Saturday 7 November until 6pm on Sunday 8 November: 24/7 construction works**
- **Saturday 7 November to Sunday 8 November:**
 - South City Line closed south of Puhinui (no passenger services)
